ULBRICHTS presents the ZENTURIO VPAM 6 series helmet at Enforce Tac 2025

ULBRICHTS Protection, a leader in the development of ballistic head protection, will be presenting the new **ZENTURIO VPAM 6 helmet** at **Enforce Tac 2025** in Nuremberg from February 24 to 26, 2025. Visit us at **stand 7A-129** to experience the latest protection technology up close.

The **ZENTURIO VPAM 6 series helmet** is the result of years of research and development.

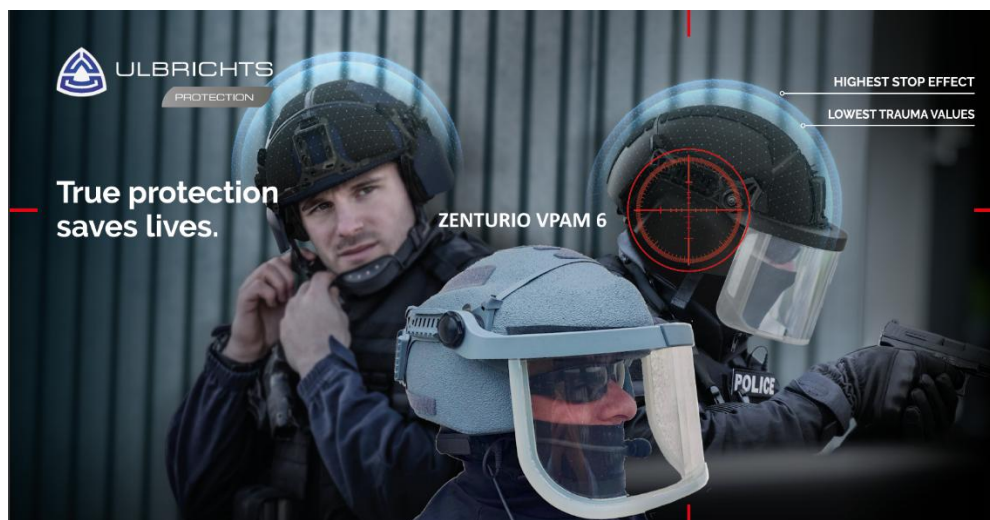

It offers maximum protection against rifle threats, including the Kalashnikov AK-47.

The helmet combines state-of-the-art material technology with an innovative design that not only stops the projectile but also drastically reduces the trauma effect <25 Joules.

Highlights of the ZENTURIO VPAM 6:

- **Protection against aggressive rifle ammunition according to VPAM 6 standard**
- **Reduction of residual energy to prevent secondary injuries**
- **Best Balance System for optimum ergonomics**
- **Universal fit (UNI-SIZE) for head sizes from 48 to 64 cm**
- **Ideal for special units, and breachers**

Experience the ZENTURIO VPAM 6 in action and see its performance for yourself. ULBRICHTS sets new standards in the field of ballistic head protection. We look forward to seeing you at our stand 7A-129 at Enforce Tac 2025.
